Fax: (317) 899-8298

November 7, 2005

TO: GARY L. GILBERT
INDIANA STATE POLICE
8014 HIGHWAY 311
SELLERSBURG IN 47172

Lab File #: 00E-1499

Agency Case #: 45-38860

Evidence Submitted By: Master Trooper Gary L. Gilbert

Received by Laboratory 10/13/05 at 08:23

Item 10013 Sealed manila envelope containing a file folder containing a five page written statement of Charles D. Boney.

Item 10013A Sealed manila envelope containing indented impression lifts from the front and reverse sides of each sheet of paper in Item 10013.

RESULTS:

Page two of the five page statement (Item 10013) contains a paragraph that has been crossed out. Using various light sources and instrumentation, the following text was deciphered underneath the cross-outs:

David Camm asked me to Follow him to a secluded area. He wanted to talk to me about something that could help me Financially, he said. I followed him From Betterway Foodmart to the parking Lot of Target. David Camm and I ___ discussing

It is possible that some of the transcribed text above could be interpreted more than one way. The underlined "___" sections above indicate crossed out writing where the original writing could not be deciphered. The majority of this crossed out text was hand printed. It is probable that the hand printing underneath the crossed out marks was written by the person who hand printed the remainder of the 5 page statement (Item 10013).
